In the Matter of:	)	Docket No. 07-AFC-3
	)	
Application for Certification,	)	JOINT MOTION TO SUPPLEMENT
for the CPV SENTINEL ENERGY PROJECT	)	EVIDENTIARY RECORD
by CPV Sentinel, LLC	)	
	)	

Pursuant to California Code of Regulations, title 20, section 1716.5, Applicant and California Energy Commission staff hereby file this joint motion to supplement the evidentiary record.

On November 3, 2008, the Committee held an Evidentiary Hearing on all topics except air quality. On November 6, 2008, the Committee issued an Evidentiary Hearing Order, which directed that the evidentiary record on all topics except air quality be closed on December 5, 2008.

On November 19, 2008, Applicant docketed and served a document entitled Project Design Refinements, which describes certain refinements to the design of the project and the implications thereof (CEC Docket No. 49063). Applicant hereby requests that this document be identified as Applicant's Exhibit No. 134.

On November 21, 2008, Applicant docketed and served a document entitled Responses to SCE Comments Dated October 14, 2008, which sets forth responses to comments from Southern California Edison dated October 14, 2008 (CEC Docket No. 49095). Applicant hereby requests that this document be marked as Applicant's Exhibit No. 135.

Attached to this Joint Motion is the Second Supplemental Declaration of Mark Turner sponsoring Applicant's Exhibit Nos. 134 and 135. Applicant requests that this document be marked as Applicant's Exhibit No. 136.

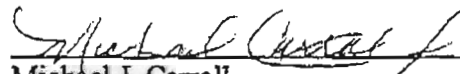

Applicant requests that Applicant's Exhibit Nos. 134, 135 and 136 hereby be moved into the evidentiary record of these proceedings. CEC staff, the only other party in these proceedings, does not object to the entry of Applicant's Exhibit Nos. 134, 135 and 136 into evidence.

Applicant and CEC staff jointly request that the evidentiary record remain open through December 19, 2008 for the purpose of providing CEC staff an opportunity to review and, if necessary, respond to Applicant's Exhibit Nos. 134, 135 and 136. Applicant and CEC staff jointly request that on December 19, 2008 the evidentiary record be closed on all topics except air quality.

Subject to issues arising in connection with CEC staff's review of Applicant's Exhibit Nos. 134, 135 and 136 that would require briefing, which is not anticipated, neither Applicant nor CEC staff see any need for briefs at this point, and do not intend to file any unless directed to do so by the Committee. It may be necessary to brief issues related to air quality, and it is expected that, if necessary, a briefing schedule with respect to that topic will be established following evidentiary hearings on that topic.

DATED: December 2, 2008
